

Dr. Amber Wheatley

# “Rural World Doctors in Training”

## Aim;

- Provide a network for those interested in rural
- Raise awareness of issues in both rural training programs and rural communities
- Provide guidance in training for rural practice using the mentorship and knowledge available from WWPRP and its members.

# 3 Goals – Call To Action in Cairns 2017

1. Education and Training

2. Communication

3. Co-empowerment

Who are we? What do we do?

Sowing the seeds for the future  
of rural health

# *Sowing* the seeds for the future of rural health

## 1. an active group within Rural WONCA

- open to anyone even casually interested in rural, no discrimination between academic/professional level etc. Everyone is free to participate

# Sowing the *seeds* for the future of rural health

2. Create an interest in rural medicine

# Sowing the seeds *for the future* of rural health

3. Maintain and spread an interest in rural  
medicine

# Sowing the seeds for the future of *rural health*

4. Rural medicine, and particularly rural family medicine, is our focus

This includes students interested in rural, rural healthcare professionals and rural communities #GoRural
